

COMPANY PROFILE

The perfect blend
of COMFORT & SUPPORT

Leveraging Strengths *for a promising tomorrow*

Founded in the year 1994, by a prominent NRI business group with a diverse interest in rubberized coir mattresses, plywoods, and construction in India and trading activities in the Middle East, the Sulfex group is a fast-growing entity, surging ahead with various business interests. Fuelled by an undying passion to pursue excellence on all fronts, Sulfex aims to create lasting value for customers across the world.

Beginning as the manufacturers of exceptional quality rubberized coir mattresses, the Sulfex group has come a long way, today. Together, the two state-of-the-art manufacturing plants, viz Sulfex Fibre Products and Sulfex Mattress Company, strategically situated at Parassini Kadavu and Thaliparamba, Kannur, the Northern part of Kerala State, accounts for a mammoth 8000 metric tonne annual production capacity (which means over 2000 mattresses per day). Billed as having India's second-largest and most sophisticated plant capacity for rubberized coir mattresses as well as allied products like carpets underlays, packing pads and air conditioner filters, and companion products like pillows, cushions, bolsters and a range of door and bath mats.

Credited with ISO 9001 and BIS certifications, the plants follow all the globally accepted policies – from HACCP norms to environment care to the custom of never resorting to child labor – to the last word. Sulfex. A brand, that's going places, not only in India but in highly discerning, value-conscious global markets as well.

Sulfex mattresses and allied products like Pillows, Polster, cushions and mats are top-selling in their segments, today. Thanks to the Single-Minded dedication, behind. Sulfex Mattresses are crafted precisely, as per customer preference. They provide a scientifically tested back-support and soothing comfort a sleeping body needs. In the entire segment, perhaps Sulfex is the only brand, which has struck the "optimum price-quality equation" right. By providing more mattresses per mattress (More cubic area by giving more thickness than what is listed) we ensure full value for money. The unique side blanketing (the only mattress to have this specialty) prevents sagging and keeps dimensional stability intact, in spite of long use. For the critical tape-edging process the company relies on imported machinery and highly skilled manpower. Continuous quality upkeep and attention to detail ensure that each mattress provides maximum sleeping comfort and extra-long life. The two critical benchmarks, for any mattress.

Little surprise, many quality conscious clienteles insist on Sulfex mattresses. The Directorate General of supplies and Disposals. Ministry of Commerce and Industry, Govt. of India, Directorate General of Quality Assurance, Ministry of Defence, Govt. of India, premium hotels, Internationally reputed pilgrim centers and the like, for instance. The numerous product excellence awards that have come Sulfexes way, standing as glowing testimony to the brands superiority.

Sulfex, that has scripted an unparalleled tradition of success, facing stiff challenges, being enthusiastic about future is something quite natural. As more horizons are drawing upon, the company is fully poised to surge ahead and turn the possibilities into its favour. By investing heavily in infrastructure, technology and research and development by focusing on the backward and forward integrations.

They Are:

- 1) Installing Polyurethane Form Manufacturing Unit,
- 2) Coir Curling Units,
- 3) Fully Computerized New Generation Quilting Machine,
- 4) Natural Latex Processing Unit,
- 5) Natural Latex Foam Making Unit
- 6) Spring Mattress Manufacturing Unit

With a turnover that's racing past 400 million in Indian currencies, the brand and the company are formidably poised to soar higher. To take full advantage of future possibilities, the company is expanding its core competencies. Consolidating its strengths further from its stronghold, the state of Kerala.

Through a wide network of over 2000 dealers, Sulfex is expanding its markets to the whole of South India, Goa, Maharashtra, Madhyapradesh, Chattisgarh, Jharkand, Orissa and West Bengal. Backed by a mammoth production capacity and proactive logistics capability, Sulfex is positioning itself as a frontline player in these areas. Besides, a fully dedicated marketing division, with its base in Bangalore, the software haven, the company is making strategic inroads into more potential markets. While a full-fledged overseas marketing division based in Kannur, is tapping the export market potential.

Respected Sir,

Hereby, I Sr. Celine Varghese, the Provincial Superior of Sisters of St. Joseph of 'St. Marc' congregation, acknowledge and appreciate your valuable contributions, towards alleviating the sufferings of flood affected areas particularly the most needy families in the vicinity of Malayattoor, Aluva, Kalady and Vengoor in Ernakulam district, Kundoor, Koozhoor, Chalakkudy in Thrissur district and Arunjootypadam and Kainagiry in Alappuzha district

Immediately after the devastating floods, we as a congregation decided to enter into relief activities, we resolved to address the immediate house hold needs of the most needy families. Our team visited adversely affected areas and chocked out our action plan. First and foremost the team of sisters identified the most affected and most needy families like differently disabled children, paralyzed and aged people, cancer and kidney patients, carrying women and children who are affected by downsyndrums. Assalamu alaikum

On behalf of Shihab Thangal Centre For Humanity Bengaluru, I would like to thank you for the very grateful support that you and your team has shown towards our charity activities.

The Shihab Thangal Center for Humanity was set up in 2019 writing a history of philanthropic services in the garden city of Bengaluru. This great city was introduced through the Shihab Thangal Center, a great culture of compassion, love and humanity. By the grace of Allah, we could complete many philanthropic works during the past days. Alhamdulillah!

The beds you provided during the opening of this institution was a great blessing. We still thank you for the support you made that day. Guests arriving at STCH sleep well in those beds.

May the Almighty strengthen us to continue these charity activities together in coming days also. It is our pleasure to humbly convey to you that prayers and love of the AIKMCC family will always be with you and your team.

May Almighty bless us.

With Regards,

M.K. Noushad
